

State Semi-Pro Tournament Opens Tonight at Park

Ace of Clubs Play Holcomb Cardinals In Opening Game Starting at 8 p.m.

The 1950 Missouri State Semi-Pro baseball tournament will open tonight at Liberty Park, with 18 of the strongest teams competing for a cash prize and the Coca Cola trophy.

The winner of this tournament, which is being sponsored by the Missouri Pacific Booster Club, will compete in the national tournament at Wichita, Kas., starting August 18 for a prize of \$10,000.

Mayor Herb E. Studder will pitch the first ball to open the 15th annual Missouri tournament. Guy Bailey, superintendent of the local Missouri Pacific shops will be the catcher.

In the opening game tonight at 8:00 o'clock, the Holcomb Cardinals will clash with the Ace of Clubs of Independence. Fisher, a left-hander, who pitched a no-hitter in last year's state meet in Jefferson City, will be on the mound for the Cardinals, with Mook to be behind the plate.

10 O'clock Game
For the Ace of Clubs, it will be Dwane Holder, a right-hander on the mound with his brother doing the catching chores. Dwane is a Kansas State boy and his team is in second place in the Heart of America League in Kansas City.

The second and final game of the night will start around 10:00 o'clock between the Jefferson City Redbirds, who head no introduction against the winner of the Grandview tournament, which was played last night. The winner of the playoff was either the Grandview Athletic Club or the Standard Oil of Sugar Creek. Former Blue Hurler

Ben Anderson, formerly with the Kansas City Blues is expected to start for the Redbirds tonight in Grandview plays, Al Cowley, right-hander, who has been in the Yankee organization in Joplin for several seasons will be on the mound. If Standard Oil wins the playoff, Johnny Youhas, who pitched a no-hitter and struckout 21 in the Grandview District tournament, will be on the mound.

Outstanding Teams
There are several outstanding teams in the "best tournament" in this state history. Among the outstanding favorites are the Springfield Patton Creamers (winners of the Springfield District Tournament), Cape Girardeau "Capahans" who won the Cape tournament without much difficulty. The Belton Braves who are carrying a record of 18 wins and 2 losses, one of which came at the hands of the Kansas City Monarchs who at the present time are leading the Negro American League. The Jefferson City Dodgers, who have defeated many of the leading teams in the area and do not need an introduction to the local baseball fans, remembering that this team defeated the Cubs 10 to 5 earlier in the season.

Defending Champs
The Holcomb Cardinals, who came out of no where last year to show the teams the brand of baseball that they play in their part of the state and win the Missouri title are the defending champs. They went to Wichita and displayed the same type of hustle and determination to finish tied for 11th in the National. Ray Durnon, president of the National Baseball Congress said "Holcomb" with any type of break could have gone all the way in the 1949 national tournament.

Sedalia Merchants
The Sedalia Merchant's are made up of young Sedalia players and could pull many surprises before this tournament is over. This young team will probably spot most of the teams a little age and experience for the hustlers and determination that they have and it will be very interesting to see just how far a very good young ball club under excellent

Sports Briefs

By the Associated Press
NEW YORK, July 21—(AP)—Pittsburgh's Ralph Kiner is running four games behind Babe Ruth's 1927 pace when he hit his record high of 80 home runs. Kiner hit No. 277 yesterday in the Pirates' 82nd game. Cleveland's Al Rosen also has 27. But the Tribe has played 87 games. In 1927 the Babe hit his 27th in game No. 78 on July 8.

COUNCIL BLUFFS, Iowa, July 21—(AP)—Joe Louis, retired heavyweight champion, shot a three-over-par 291 for 72 holes to win the Central States Golf Association tournament yesterday. Fleming Cady of St. Louis, seeking his third straight title in the Negro competition, was second with a 305.

NEW YORK, July 21—(AP)—The Yankees and Detroit Tigers will get a lesson in long distance slugging before tonight's series opener at Yankee stadium. The golfing Bauer sisters, Marlene and Alice, will show the boys how it is done.

LOCKPORT, N. Y., July 21—Dick Fortune, a 19-year old southpaw, pitched a no-hitter for Jamestown (N.Y.) in the Class D Pony league last night. He shut out Lockport, 2-0, striking out seven and walking nine.

CINCINNATI, July 21—(AP)—Pec Wee Reese's error in the first game of last night's twilight-night doubleheader with the Reds, ruined the Dodgers' chances of tying a National league record. Brooklyn had gone through eight consecutive games without an error. The league record is 10, set by the 1942 Dodgers.

QUEBEC, July 21—(AP)—Fred Selinsky, a 22-year-old right-hander from Norwalk, Conn., turned in a no-hitter for Quebec against Pittsburgh in the Class C Canadian-American league last night. He fanned 10 and walked six in winning, 8-1.

NEW YORK, July 21—(AP)—Jim Konstanty, Phil's relief ace, has appeared in 41 of the Phils' 83 games. If he keeps it up he'll top the modern major league record of 70, set by Ace Adams of the New York Giants in 1943. The all-time high is 75 by Bill Wakte of Cincinnati in 1879.

MEMPHIS, Tenn., July 21—(AP)—Colonial players started today in the Colonial Invitational Amateur golf tournament. Halvie Ward, Jr. won the medal yesterday with 135 for 36 holes, one stroke better than Jack Gless of St. Louis.

Williams Hopes to Return to Red Sox

BOSTON, July 21—(AP)—Ted Williams, operated on only a week ago for a fracture in the left elbow, held high hopes today of returning to the Red Sox lineup by the first week in September. "I think I'll have good movement in the arm and be able to play in six weeks," the \$125,000-a-year slugger said yesterday as he left Santa Maria hospital with his elbow in a sling.

supervision can go in a fast tournament, composed of the better semi-pro players in the state.

Dark Horse Team
Every tournament has a dark horse and this time must go to the Sedalia Cubs who have added strength to their line up with hopes that they can come out on top in this tournament. They have not been to successful this year, but with proper support from the local fans this team might be the surprise of the entire tournament. All in all, the tournament has better teams in it than any other tournament in the state's history and all the fans in the area are urged to come out and give these fine ball clubs the support that they deserve. Come out the first night, pick the team that you want to win, adopt them and follow them through the tournament.

Featured Team
One of the teams which is sure to spark the tournament is the Barfloe Chevrolets of St. Louis, which is composed of 13 former professional ball players and features Dave Sisler, the youngest boy in that famous baseball family. Sisler will possibly open the tournament on the mound for them.

Chiefs Down Stags 10-0 for Fourth Win

Sedalia's Continue 2nd Half of Season Without a Defeat

The Ban Johnson Chiefs shot for and hit their target Thursday night when they aimed for their fourth league victory of the second half of the season by defeating the Jefferson City Stags in a 10-0 shutout.

The leading hitters for the Chiefs were Ruffin with two for three and Imhauser and Barbour with two for four.

Sedalia started and ended the game Thursday with Imhauser and Barbour as battery mates while the Stags yanked Niles for Begeman in the sixth frame. Link worked at catching chores for the Stags the entire game.

The Chiefs started their scoring barrage in the second inning with four tallies. The scoring started off with two successive walks by Holst and Brown. Barbour followed with a single to score Holst and send Brown to third. Rapp, who gave up pitching duties for the night and played a good game in rightfield, then walked and was followed by a pop up by Imhauser on which Brown scored after the catch. Ruffin walked and then Waters the last man to get a hit for the Chiefs in this inning singled Barbour and Rapp.

Dale Ruffin completely starred in the fourth frame with the able assistance of two steals and an error by the Stag catcher, Link, to score the only run.

Three more runs were scored in the sixth inning as the Chiefs unloaded several singles. Barbour led off with a single. Rapp followed with a sacrifice, moving Barbour to second where he scored on the second single of the inning by Imhauser, who took second on a play at the plate and who then scored on another single, this time by Ruffin. Ruffin proceeded to steal the show again by chomping three bases then scoring for the third run of the inning as Dillard's squeeze.

The last two tallies were scored in the eighth inning on five walks and one single by Imhauser. Sedalia seven hits, 10 runs and four errors.

Jefferson City: five hits, 0 runs and one error.

Ol' Satch, Afraid of the 'Draft,' Defeat Fails To Dislodge Leading Cards

NEW YORK, July 21—(AP)—Satchel Paige, the rubber armed pitching veteran might become a major league ballplayer again—sooner than anyone thinks. Betis Mel Ott and Carl Hubbell of the New York Giants front office were on hand when the ageless hurler went through his paces in an exhibition game last night. Neither Ott nor Hubbell would comment on whether the Giants are interested in signing Paige. They just "saw to see the game."

Afterwards, Paige was lifted after his three-inning stint, both made a quick exit.

Paige was equally non-committal. "I've had offers from two

clubs, but I'd rather not say which two," he said.

Ol' Satch, as he is known to his team mates, is eager to get back to the majors. Drafting "Us Young Fellows" "I'd like very much to go back into the big leagues for another year or so before I quit," he said. "That is, of course, if the army doesn't draft me. You know, they're drafting us young fellows again," he laughed.

The stomach trouble which out of the St. Louis Cardinal pen-plagued him all last season and caused him to double up in the park last night.

St. Louis Retains First Place After 13-3 Loss to Giants

By The Associated Press
Gaining revenge for two severe drubbings the day before, the New York Giants took the wind out of the St. Louis Cardinal pen-sails 13-3 at Sportsman's park last night.

But Cardinal luck wasn't all bad, despite the lopsided score. The Redbirds still are a full game ahead of the Boston Braves, who were routed out, and the Philadelphia Phils, beaten by Pittsburgh.

And Brooklyn, losing twice, dropped three games behind the league-leading Cardinals.

All of the New York runs were scored in the first four innings, eight of them in the third. The Cards grounded into five double plays, one short of the national

Jr. Legion is Beaten 8 to 7

After tying up the game on Shawnee's home run in the ninth inning with the bases empty, the Sedalia Jr. Legion failed to score again and was defeated 8 to 7 by the Columbia Jr. Legion team in twelve innings.

In the twelfth inning the first man struck out. Sapp singled for Columbia. The next man was called out by strikes. DeHaven was safe on an error by second baseman But Morgan. Tekittel singled for his fifth hit of the game in six times at bat to drive in the winning run.

Shawnee led the Sedalia hitters with a triple in the fourth and his game tying circuit smasher in the ninth.

Ralph Schulz started for Sedalia. Johnson relieved him in the seventh and Barnes took over in the eighth. Mines and Cochran caught. Cooper began on the mound for Columbia and was replaced in the ninth by Williams. Webb went the entire twelve innings behind the plate.

Levis to Meet Clinton Tonight

A softball doubleheader will be played on the Center park diamond tonight between two Sedalia Levis teams and the Clinton teams. The first game will begin at 7:00 o'clock between the Lady Levis and the Clinton girls.

In previous games between these two clubs rash caused postponement, leaving the score tied.

In the nightcap the Merchants and the Levis will meet for the first time. Two of the league's leading hurlers, Lowe and Blicher, will be in readiness to face the Sedalia.

It was Lowe who eliminated the Sedalia team from the state tournament at Springfield last year.

Norman Thompson or J. Bolsha will be the starting hurlers for the Levis; with the remainder of the lineup to be announced at game time. All players are requested to be at the game for a picture of the team will be taken.

Slight Damages In Auto Collision
A 1941 Plymouth sedan driven by Mrs. Lila Burt Salmons, 405 North Stewart avenue, and 1950 Hudson sedan driven by Harry N. Gloth, 1722 South Grand avenue were involved in a collision at the intersection of Third street and Park avenue Thursday.

Slight damages resulted to both cars, but a settlement was reached at the scene of the accident.

Connie Mack Has Trouble At Third Base

Position Has Cost Manager \$500,000 Over Last 5 Years

PHILADELPHIA, July 21.—(P)—Connie Mack has had a lot of trouble with third basemen in the past five years—close to half a million dollars' worth.

It all started back in 1948 when the octogenarian manager of the Philadelphia Athletics dealt young George Kell to the Detroit Tigers for outfielder Barney McCosky. Kell has developed into the best third baseman in the major leagues. He won the American League batting title in 1949.

Kell is again leading the junior circuit in batting.

Mack himself labels the Kell deal the worst he has ever made.

Hank Majeski was next on third for the A's. He came from New York via the waivers for \$10,000 on June 14, 1948. The three and a half seasons Majeski played well for the A's and was one of the mainstays as the Athletics fought for the pennant in 1948 and for awhile in 1949.

Majeski is not the fastest man about but he fielded well enough to rank among the better defensive not corner guardians in the league.

Majeski was sold to Chicago for pitcher Ed Kleiman at the close of the 1949 season.

Dillinger Cost \$100,000

The A's then bought Bob Dillinger for \$100,000 and four players. Outfielder Paul Lehner also came to the A's in the six-player transaction with the St. Louis Browns.

The A's announced last night that Dillinger had been waived out of the American League and peddled to the Pittsburgh Pirates. But how much did the A's get for Dillinger?

That's a military secret. But that they took a financial loss was indicated in this statement from Vice President Roy Mack when asked if the A's were trying to recoup financial losses:

"If we were, we only got back a small portion of the price we paid."

Now playing third base for the Athletics— rookie Kermitt Wahl, purchased from Brooklyn's International League farm at Montreal for \$40,000.

Wahl's batting average: .228. Majeski's: .239. Dillinger's: .310.

Sightless Golfers

Shoot With Accuracy

AUGUSTA, Me., July 21.—(P)—Charlie Boswell, Birmingham, Ala., salesman who lost his sight in the battle of the bulge, successfully defended his National Blind Golf tournament crown today.

His winning total over the troublesome, par 71 Augusta Country Club course was 220 for the 36 hole medal play two-day event.

Art Smith of Philadelphia, first day leader, buckered a nine foot putt to finish in a second place deadlock with Bill Gilman of Portland, Maine's lone entrant. Each had 227.

Boswell, former University of Alabama football great, parred the first two holes of today's 18-hole round. He carded a bogey five on the third to take a two stroke lead.

But Smith, who also lost his sight in the second World War, evened the score on the 26th hole. The smiling southerner came back to drop a five foot putt on the 27th, taking a two stroke lead he never lost.

Reserve Navy Fighter Squadron To Active Duty

OLATHE, Kas., July 21.—(P)—A reserve Navy carrier fighter squadron at the Olathe Naval Air base has been ordered to immediate active duty.

This was announced Thursday by Capt. J. H. Flatley, commanding officer of the base. He said members of the squadron, one of several which trains here, would receive orders by mail tomorrow.

All members of the squadron called up live in the greater Kansas City area.

The designation of the unit was not disclosed.

30 Pitchers in Line to Win That Many, But 20 Games Are Still Long Way to Go

KID STUFF—Art Houtteman, left, and Ted Gray are remarkable young Tigers shooting for 20 games. By HARRY GRAYSON, NEA Sports Editor

NEW YORK.—(NEA)—Looking at the major league pitching records for the first half of the season, Oscar Hogg, the figure filbert, remarks that the ball must be lively only on the one side.

Mr. Hogg rattles off the names of as many as 30 chuckers, 15 in each wheel, who would win 20 games maintaining their present pace.

But any baseball man will tell you that only a handful will be there when the last shot has been fired.

Seven attained the pitcher's goal last trip, five in the Ameri-

cans—Parnell, Kinner, Lemon, Raskin and Kell, and only two games makes that clear. The bullpen in the National—Spann and Por-

—This is as good a time as any to note that Mr. Parnell and Ellis Kinner lacked early foot this season, which to a large extent accounts for the Red Sox' plight.

Twenty games are still a long way to go, especially with double-deckers piling up and diminishing the number of starts.

On the other hand, slickers with cuffs in the races will get the opportunity to pick up a few victories on relief. Stars become five fighters as the strokes shorten.

But the bulk of those now riding the crest will fall by the way-

—Pitchers have a tougher deal in the second half. The hitters are not as easily fooled when the out-

—It also puts the finger on the extra pressure takes its toll. Edward A. Collins, golf ball man, winds up on the jackrabbit.

Newly designed electronic devices that added distance to golf balls have done the same thing to the baseball, in his opinion.

It's in the winning, he says. "There's no difference in horsehide covers, the rubber shells or cork centers or in the quality of the yarn," explains Collins. "But the yarn is wound tighter and with greater uniformity with the electronic process."

"This modern equipment per-

—The full use of maximum tensile strength without subjecting the yarn to occasional break-

—age as was the case under older methods. Before electronic devices were adopted, manufacturers could never be certain about backing points. Consequently rubber thread and yarn was not so tightly wound as it is now."

The tightening of the ball certainly loosened up the game.

Football Rules to Help Save Teeth

MACKINAC ISLAND, Mich., July 20.—(P)—Football rules changes intended to keep players from knocking out one another's teeth and bruising their Adam's

—applies were approved enthusiastically by college athletic commissioners here today.

The rules committee as of the Commissioners' Association went over changes made last January by the national football rules committee of the NCAA.

—Dick Romney of Salt Lake City, Utah, representing the Mountain States conference, said the most vital changes had to do with the use of hands. He cited these changes as designated to keep down injuries:

(1) On offensive blocking, the teammate of a runner must keep his hands and arms below the shoulders of an opponent during the entire block. This does away with punning the opponent in the teeth and Adam's apple.

(2) On defensive holding, when the hand or arm is used by the opponent of a runner, the hand must be in advance of the elbow. First contact has to be made with the hand to avoid a foul.

Holes-in-One Worth \$1,000

PALO ALTO, Calif., July 21.—(P)—Holes-in-one will be worth \$1,000 a shot during the next two weeks, here.

The Palo Alto sports club pays the bill, and calls the hole-in-one competition the "world's largest golf tournament." A total of 37,372 shots have been aimed at the 125-foot hole during the three tournaments held to date. The last hole in one was two years ago, when Palo Alto Fireman Del. Boddington hit a back-

Playoff Between Herpel and Dobbin

ST. LOUIS, July 21.—(P)—Miss Herpel, tournament medalist, and Jeanie Dobbin, the St. Louis district champion, reached the title round of the Missouri Women's golf tournament yesterday.

Miss Herpel gave a fine display of golf in winning a semi-final victory over Barbara Goodie, St. Louis, 4 and 3. Miss Dobbin eliminated Peggy Hartenbach, St. Louis, by a similar score.

Miss Herpel, who represents the Jordan Meadows club here, and Miss Dobbin, who represents the Normandie club, will play the final round today over the Glen Echo course.

In the class A semi-finals Mrs. F. Sackley of St. Louis defeated Mrs. Ray Schwartz, St. Louis, 3 and 1, and Mrs. Harry Esserman, St. Louis, defeated Mrs. George H. Sido, St. Louis, 2 up.

In class B Mrs. R. C. Williams, Kansas City, defeated Mrs. H. N. Severson, St. Joseph, 2 and 1. In the other semi-final match Mrs. Alfred Goldman, St. Louis, out-

—stroked Mrs. Keith Kepley, St. Louis, 3 and 1.

Hadacol Helps Lady With Weak Stomach Who Couldn't Digest Her Food

Relieved the CAUSE of Her Stomach Disturbance Due to Lack of Vitamins B₁, B₂, Iron and Niacin in Her System!

Everyone is talking about the great new HADACOL. And why shouldn't they? HADACOL is one of the greatest blessings of the times. The relief it's bringing to thousands upon thousands of men, women and even children who suffer from such stomach distress caused by these deficiencies is simply wonderful!

A very charming woman, Mrs. R.W.S., who lives at 910 North 26th Street, Fort Smith, Arkansas, sent the following letter to us and gave us permission to publish it. She writes:

"I've just finished taking my first bottle of HADACOL and just that one bottle did something for me that other things failed to do."

"I've had a weak stomach and my food did not digest properly. My tongue was covered with a thick coat which kept me sick to my stomach most of the time."

"After taking about half the bottle, I could see that the coat on my tongue was leaving. Now it's almost gone, and I'm getting over the sick stomach feeling which bothered me."

"My nerves are getting better gradually and I'm not nearly so tense. I'm beginning to enjoy my food for the first time in a long time."

Many Doctors Recommend HADACOL

Why keep on "doubting" that HADACOL will help you? Before giving up hope of obtaining relief, at least try HADACOL—at least give it a chance if your system is deficient in Vitamins B₁, B₂, Iron and Niacin. Remember, it's sold on a strict money-back guarantee. HADACOL MUST HELP YOU or your money will be refunded.

HADACOL gives such fine results because it is not a quick-acting antacid which gives symptomatic relief—HADACOL actually relieves the REAL CAUSE of your stomach distress due to such deficiencies.

And continued use of HADACOL helps keep such painful stomach distress from coming back to torment you.

Know the joy of eating the foods you like without belching and suffering gas pains, heartburn and torturing indigestion afterwards when they are caused by such deficiencies.

Big Improvement Often Noticed in Few Days

HADACOL not only supplies weak, run-down, deficient systems with extra quantities of Vitamins B₁, B₂, Iron and Niacin but also beneficial amounts of precious Calcium, Phosphorus and Manganese—so vital to help maintain good health.

And these vitamins and minerals come in special liquid form so that they can be more easily and quickly absorbed and assimilated in the blood—ready to go right to work at once. HADACOL even reinforces your red blood cells (when iron is needed), to carry these healthful elements to every organ in your body—to the kidneys, lungs, liver and heart.

Start taking HADACOL at once. HADACOL costs only a small amount a day. Trial-size bottle, \$1.25. Large family or hospital size, \$3.50.

Gold, Guilty Of Spy Charge

Chemist Accused of Giving A-Bomb Secrets to Russia

PHILADELPHIA, July 21—(AP)—Harry Gold pleaded guilty to espionage charges Thursday and was committed to prison to await sentencing.

He could receive the death penalty for turning over United States atomic secrets to Russia. But that is considered very unlikely.

The indictments accused him of conspiracy to commit espionage and of 11 overt acts of transmitting information to a potential enemy. He admitted he acted as go-between in delivering secrets to Dr. Klaus Fuchs, British chemist and an admitted spy.

Delayed Sentencing.
U. S. District Judge James P. McGranery delayed sentencing until an investigation of Gold's background is completed. Court sources said the inquiry may last until September.

The judge admitted he does not know what sentence to impose. Dr. Fuchs was jailed for 14 years in Great Britain.

McGranery asked U. S. Attorney Gerald A. Gleeson to "have the government make a recommendation on the sentence that should be imposed."

Gleeson replied that "for security reasons it may very well be that the government does not want to submit any evidence since this man has entered a plea of guilty."

Then, Gold's court-appointed attorney, John D. M. Hamilton, former chairman of the Republican national committee, said he "would be willing to allow the sentencing to be made on any statements made by the defendant without any supporting evidence from government witnesses."

"That," said McGranery, "puts you in the same position I am in. What sentence would you impose?"

"I don't know," replied Hamilton.

Gold was the first of four United States citizens to be accused of delivering secrets to the Russians. The others, Alfred Dean Slack, 44, Syracuse, N. Y.; David Greenglass, 38, and Julius Rosenberg, 32, both of New York, have not yet pleaded to government charges.

Entertains With His Violin

Rafael Da Silva and his violin arrived in Sedalia Wednesday evening and all day Thursday the two kept the business district both entertained and curious.

The sixty-year-old musician happened to stop in Sedalia on his way from Rochester, N. Y., to southern California, his hometown. Asked why he picked Sedalia as a stopping point in his trans-continental trek Da Silva, nuzzling his prolific growth of grey beard, answered very pleasantly, "This is where my ticket said my train ride ended."

Da Silva has spent several years in Rochester and during that time he said he played in several hotels providing violin entertainment for the guests. While in New York his right hand was partially immobilized as a result of a severe frost bite and as a result he was forced to abandon the violin temporarily.

Looking for a job he was approached by a photographer, who found him a position in the Memorial University of Rochester as a model for a group of student sculptors. When this job ended Da Silva packed up his violin and started to California.

He has been playing the violin since 1910 and happened on to it then only by accident. While still a young boy he was employed by a Swiss couple in California. When he worked for them he gave serious thought to a future as a singer, but when his voice changed he realized this was hopeless and turned to something else. He tried piano, but his fingers could barely reach an octave.

Finally, while attending a dance, he noticed a violinist with the orchestra and was so enchanted that he begged the family to buy him a violin. He got his violin and since then has never lost interest in it.

\$5,778,698 in July To State Pensioners

JEFFERSON CITY, July 21—(AP)—Missouri's 131,854 old age pensioners got grants totaling \$5,778,698 in July—an average of \$43.83 each, the state welfare division has reported.

They compared with \$5,748,325 paid to 131,457 pensioners in June, when the average was \$43.73. Aid to dependent children totaling \$1,377,457 went to 26,250 families in July, an average of \$52.47 per family. In June 25,127 families got a total of \$1,273,965, an average of \$50.69.

Seize Two Airmen For Robbery

SANTA FE, N. M., July 21—(AP)—Two airmen wanted for armed robbery and possibly kidnapping were arrested in a Monte Vista, Colo., hotel.

Dist. Atty. Bert Prince of Santa Fe said he was preparing to charge them with abducting Santa Fe cab driver Mike Muniz.

The two airmen are charged with armed robbery and car theft at Roswell, N. M., in the abduction of cab driver Ted Crawford. Officers said that in addition, they face possible charges of armed robbery and car theft in Taos county, New Mexico.

Sheriff Jim Cockburn of Alamosa county, Colorado, said he and a Colorado patrolman arrested Ernest R. Moore, 19, McCrory, Ark., and Harold Lloyd Ransom, 30, Jackson, Tenn., as they slept in the Monte Vista Hotel.

The sheriff said the two refused to waive extradition to New Mexico. Santa Fe Police Chief Ben Martinez said two men directed Muniz to head north on the Taos highway last night.

Muniz told police about 10 miles from Taos one of the men pulled a pistol and ordered him to stop. Muniz said his arms and legs were bound, his wallet and chauffeur's badge were taken, and the two drove off. The cab was found abandoned on the highway between Monte Vista and Alamosa, Colo.

Mrs. Anna Kincaid, 2125 East Adelaide, St. Louis, Missouri, who was suffering from deficiencies of Vitamins B-1, B-2, Iron, and Niacin, has turned into a regular clock-watcher since she has been taking HADACOL. Yes, she keeps her eye on the clock all day long, just waiting for breakfast, dinner and supper time. Imagine how unbearable life can be without enjoying good, wholesome food.

Here is Mrs. Kincaid's statement: "I have been taking HADACOL for over a year. Before taking HADACOL, I had stomach distress for quite sometime. Imagine how awfully hard it is to live a normal life when you can't eat such delicious things as tomatoes, oranges, grapefruit, etc., or drink milk without getting horrible cramps and upsetting your stomach. One day I took my husband's advice and got some HADACOL. A good friend of his told him of the fine results he had gotten from HADACOL. And now, since I have been taking HADACOL, I can eat anything I want and really enjoy it. I have a wonderful appetite, too—thanks to HADACOL. Naturally I recommend HADACOL to all my friends."

Yes, HADACOL is Truly Wonderful in the way it has helped countless thousands of folks whose systems were deficient in Vitamins B-1, B-2, Iron, and Niacin. HADACOL can help you, too, if you will just give HADACOL a chance. If you suffer from stomach distress, nervousness, insomnia, constipation, aches and pains of neuritis, or a general run-down condition, caused by such deficiencies, let HADACOL help you as it has helped others all over the country. Even hundreds of doctors are now recommending HADACOL to their patients suffering from such deficiencies.

Give remarkable HADACOL a chance to benefit you. Remember, you have nothing to lose. HADACOL will make you feel great after the first few bottles you take, or your money will be refunded. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. (Copyright 1953, The Le Mare Corp.)

A LETTER TO DEMOCRATS

Dear Democratic Voters:
Having to walk with a crutch, because of injuries I received when hit by a car in June 1949, it is impossible for me to make a house to house canvass, to see all Democratic voters before the Primary Election; therefore I publish this letter to you, to solicit your support of my candidacy for the Democratic nomination, for Judge of the Magistrate Court of Pettis County, subject to the action of the Democratic Primary, on Tuesday, August 1, 1950.

Your support and vote in the Democratic Primary will be greatly appreciated, and for such action on your part, I thank you a lot in advance. I'm a member of the Pettis County Bar, The Missouri Bar, and enrolled in the Federal Court at Kansas City. Hoping to receive your support, I am,

Respectfully,
John W. Barnett.

Gasoline Truck Damaged in Wreck

Galen Marr, 38, of Warrensburg, was thrown from the cab of his truck when it went off of an embankment and rolled over on its top on highway 65 just north of Bothwell lodge, Thursday afternoon at 1:30 o'clock.

He was hauling 5,000 gallons of gasoline in his truck at the time of the accident and lost 1,200 of the load in the wreck. The truck rolled over on its top at the bottom of the incline after leaving the highway. Marr was headed south at the time of the accident.

Marr was uninjured with the exception of a small cut on his knee cap resulting from being thrown to the ground from the truck.

State highway patrolmen, Pete Stohr, estimated the damage to the truck at around \$700 to \$800 along with additional damage to the gasoline tank.

Chamberlain's wrecker went to the scene shortly afterward and towed the truck up the embankment and another gasoline truck was secured to assist in transferring the remaining gas in Marr's truck.

Action On Truman's Program

Quick Action on Mobilization; Fight Over Economic Controls Expected

WASHINGTON, July 20—(AP)—President Truman conferred with top home-front mobilization chiefs today while Congress geared for quick action on a vast \$10,000,000,000 rearmament program.

At the Pentagon, the nation's defense leaders began calling reserves to the colors. The White House said the first country-wide reports were "overwhelming in support" of Mr. Truman's call for sweeping emergency steps to achieve victory in Red-invaded South Korea and to prepare for any outbreaks of Red aggression elsewhere in the world.

Except for price, rationing and job controls, the President's program as laid before Congress yesterday calls for nearly every basic home-front power used to win World War II.

On capital hill, a fight was shaping over Mr. Truman's request for broad economic controls to curb inflation.

Want Cautious Study
Some Republicans—notably Senators Taft and Bricker of Ohio and Wherry of Nebraska—said the President's bid for new powers should not be approved without cautious study. Taft said Mr. Truman's proposals went "far beyond any necessity we know of at the moment."

Higher taxes were seen as inevitable. The timing remained uncertain, but informants in Capitol Hill said the President's forewarning of "substantial" tax increases may be translated into a message to Congress as early as next week.

Seek New Levies
Tax experts speculated that Mr. Truman may ask anywhere from \$1,000,000,000 to \$8,000,000,000 or more in new levies on individual incomes, corporations and excess profits.

Reports of stiff price jumps in food and other commodities roused the ire of legislators in both houses of Congress, and Senator Gillette (D-Iowa) announced that a Senate investigation will get under way inside the next two weeks. A similar inquiry also was demanded in the house.

At the White House, Mr. Truman called in his economic mobilization chief, Chairman W. Stuart Symington of the National Security Resources Board, along with Treasury Secretary Snyder, Commerce Secretary Sawyer, Interior Secretary Chapman and Labor Secretary Tobin.

Summation Advisers
President Secretary Charles G. Ross told newsmen the President summoned his advisers to discuss his home-front recommendations to Congress—including consumer credit curbs, priorities and allocations, and a speedup in defense production.

In other developments:
1. The Senate armed services committee approved legislation giving heads of key federal departments "absolute discretion" to fire workers deemed to be poor security risks.

The bill has already passed the House.

The committee postponed action until tomorrow on President Truman's request for Congress to wipe out the present manpower limit on the armed forces and for a one-year "freezing" of enlistments of men already in service.

2. In the House, Rep. Jones (D-Ala) introduced a resolution authorizing total mobilization of all citizens, industry and resources in the event of all-out war.

3. Rep. Shafer (R-Mich) demanded that all U. S. Communists be rounded up and clamped "behind a high fence in concentration camps."

4. Rep. Nixon (R-Calif) urged that workers in defense industries revive the voluntary "no strike" pledge adopted in World War II.

5. Rep. Mitchell (D-Wash) said he had been informed the government will ask Congress this week for \$25,000,000 to reactivate part of the moth-balled U. S. merchant fleet.

6. The Commerce department revoked all licenses to ship U. S. goods to Communist China. This, it was explained, is in line with policy of barring exports of strategic materials to the general area of military operations in the Far East.

W. E. Preston Is Secretary of The State Fair

Named As The Successor to Roy S. Kemper

JEFFERSON CITY, July 20—(AP)—William Eugene Preston, 34, of Liberty, is the new secretary of the Missouri State Fair at Sedalia. His appointment was announced today by Gov. Forrest Smith.

Preston succeeds the late Roy S. Kemper of Macon in the \$3,600 a year job.

Preston is zoning engineer for the Clay County Planning Commission and a member of the family which has published newspapers at Liberty for years. His father is E. L. Preston, former publicity man for the State Fair during the Stark administration. The new secretary, who gets a state owned residence with the job, has held various surplus property disposal jobs since the war and worked for a time with the American Mission for Aid to Greece.

His first big task will be in connection with this year's fair, running from August 20-27. Since Kemper's death, Rolfe Singleton of Columbia, director of the Agriculture Department's livestock division, has been in charge of last minute fair arrangements.

Mr. Preston arrived in Sedalia Thursday afternoon. While he does not take over his duties officially until September 1, he will be here a short time now, then return Monday to remain and will work with Rolfe Singleton, now acting secretary of the fair, until after this year's exposition August 20 to 27.

Mr. Preston resided in Sedalia about 1933, when his father was publicity director for the Missouri State Fair. The family then lived at 1011 West Third street.

Mr. Preston attended Missouri Valley College, Marshall, and later was graduated from Chillicothe Business College.

From 1940 to 1946 worked as a U. S. Government traveling Property and Supply Officer throughout the mid-west, later in Hawaii and in 1946 was sent to Germany to be the chief advisor in setting up the surplus property disposal program for the Department of the Army. He was later transferred to Paris, France, and was chief of the Technical Services Section of the Department of State's surplus property European disposal set-up. He was then sent to Athens, Greece, as a supply advisor there for the state department. For the past year Mr. Preston has been zoning engineer for the Clay County Planning Commission with offices in Liberty.

He is a member of Lions Club, Elks Club, Chamber of Commerce, National Society of Military Engineers and Chillicothe Business College Alumni Association.

Ground Units of Marine Reserves To Active Duty; Alert Navy-Army

WASHINGTON, July 20—(AP)—The Marine Corps announced today it was calling all organized reserve ground units to active duty. Officials said these reserves totaled about 47,000 officers and enlisted men.

The Navy summoned several air reserve units said by officials to total 9,000 officers and 30,000 men.

The Army issued an alert to a number of regular Army combat teams around the country to get ready to move to the Far East.

Swiftly seizing on the new authority granted by President Truman to order up reserves, the Marine Corps announced:

"All organized Marine reserve ground units are being called to active duty."

And an official added that the call "is now going out."

The Air Force said no members of its reserve will be ordered to active duty involuntarily for at least a week or ten days.

15 Days To Report
They will have 15 days to report after orders are received. In case of extreme hardship they may ask for additional consideration.

The defense department is presently working on a uniform deferment policy applying to men in all branches of the reserves. The Navy announcement said:

"The Navy is recalling several units of the organized air reserve to active duty immediately." Officers said the orders already have gone out to the units selected.

The Naval Air Reserve is formed around 27 air stations, and includes more than 350 "fully organized squadrons," the Navy said. Most units have World War II planes but some have later type.

Army Report
The Army said:

"Several combat and supporting units from each of the six army areas, in addition to those previously announced, have been alerted for movement in the near future to the Far East command."

Recent Marine Corps figures showed a total of 128,000 reserves in the corps but the bulk of these are not on an organized drill-pay basis.

Increase Specialists
The Air Force sharply increased the speed of its specialist training program.

And in Congress, action neared on two military manpower bills sought by President Truman. The Senate and House armed services committees set tomorrow for consideration of measures to:

1. Take the legal limit of 2,005,882 men off the three armed forces. The number in uniform actually is some 500,000 short of that figure.

2. Permit the President to keep enlisted personnel in all the services for a year beyond the periods they agreed to serve. Some congressmen said they thought hardship exceptions should be provided.

Leaders forecast an early request to extend the age limits in the draft: law perhaps as high as 35 years. Under the law now, men 18 through 25 must register. They are subject to call beginning at 19.

Marine Corps Reserve In Kansas City Alerted

KANSAS CITY, July 20—(AP)—Lieut. Col. Robert Hiatt said today the 105 howitzer battalion of the Marine Corps Reserve here had been alerted for active duty.

Hiatt said he had been advised by the Marine Corps that the battalion along with other ground units of the corps would be called up shortly. Hiatt explained that the battalion would have 20 days after receiving the orders before it moved off for regular duty.

About 600 men are members of the battalion here.

Gold, Guilty Of Spy Charge

Chemist Accused of Giving A-Bomb Secrets to Russia

PHILADELPHIA, July 20—(AP)—Harry Gold pleaded guilty to espionage charges today and was committed to prison to await sentencing.

He could receive the death penalty for turning over United States atomic secrets to Russia. But that is considered very unlikely.

The indictments accused him of conspiracy to commit espionage and of 11 overt acts of transmitting information to a potential enemy. He admitted he acted as go-between in delivering secrets to Dr. Klaus Fuchs, British chemist and an admitted spy.

Delayed Sentencing
U. S. District Judge James P. McGranery delayed sentencing until an investigation of Gold's background is completed. Court sources said the inquiry may last until September.

The judge admitted he does not know what sentence to impose. Dr. Fuchs was jailed for 14 years in Great Britain.

McGranery asked U. S. Attorney Gerald A. Gleason to "have the government make a recommendation on the sentence that should be imposed."

Gleason replied that "for security reasons it may very well be that the government does not want to submit any evidence since this man has entered a plea of guilty."

Then, Gold's court-appointed attorney, John D. M. Hamilton, former chairman of the Republican national committee, said he "would be willing to allow the sentencing to be made on any statements made by the defendant without any supporting evidence from government witnesses."

"That," said McGranery, "puts you in the same position I am in. What sentence would you impose?"

"I don't know," replied Hamilton.

Gold was the first of four United States citizens to be accused of delivering secrets to the Russians. The others, Alfred Dean Slack, 44, Syracuse, N. Y.; David Greenglass, 28, and Julius Rosenberg, 32, both of New York, have not yet pleaded to government charges.

The friendly smile and soft voice that greets people as they buy tickets at the Fox theatre belongs to Miss Rose Ann Heuerman, 1404 East Ninth street, and has just won her the courtesy award for women for this quarter given by the Sedalia Chamber of Commerce.

Miss Heuerman is the daughter of Mr. and Mrs. L. C. Heuerman, route 2, Sedalia, and has been employed at the Fox theatre since September 1945. She works as cashier each afternoon from 1:00 to 3:00 o'clock and at night from 6:30 to 10:00 o'clock. She has never worked any place else, except at the show, and she likes meeting the people.

The courteous manner which won her the award was shown by Miss Heuerman Wednesday afternoon when Harry Naugel, director of the Retail Merchants Division of the Chamber of Commerce, went to the box office window and asked to see Joe Ruedick, manager of the theatre.

"Yes, indeed," she said smilingly. "I'll tell him you are here," and a moment later added: "He will be right down."

She had no idea Ruedick was calling Mr. Ruedick to the lobby of the theatre for the woman passenger and was followed by the death of her husband from a heart attack.

Surprise was written all over her face as the door of the box office was opened.

Guardsman Talks Before JCC Members

Col. James Blue Says National Guard is Ready

The Junior Chamber of Commerce held their regular dinner meeting Thursday evening at 6:15 o'clock in the Pioneer Room over Dan's restaurant. The guest speaker was Col. James Blue of the 35th Division Headquarters of the National Guard.

After the Jaycees' president, Bob Wall, opened the business session. The minutes were read and approved. Letters were read from the various delegates to the state board meeting held here expressing their appreciation of the way they were received in Sedalia.

The president showed the new Jaycee buttons to the members. After this Jerry Trotter and Bert Hahnway told the Jaycees about plans for a hamburger stand at the State Fair this year, and that a man had been hired to take care of this stand and run it along with the assistance of the members and their wives. The new members of the club were then introduced.

After the introduction, Bob Younger, who was in charge of the program, introduced the guest speaker for the evening.

History of Guard
Col. Blue's talk revolved around the history of the National Guard. He pointed out that the mission of the National Guard was two-fold, subject to state and federal call. Col. Blue related the National Guard's good record in World War II.

He spoke on the period after the past war, and the re-organization of the National Guard. He related that the number of troops for each state have been increased to about three or four times the size of National Guard strength before the war.

In his closing remarks, the military man said the National Guard had met all its man-power quotas and were ready to do their share in anything that might happen.

Following the talk, Jaycees held an informal discussion on softball. The Jaycee stand they'll sponsor at the fair, and their blood donor campaign.

They then enjoyed a social period.

"There is no reason why, for instance, it should take more than five times as long to process a veteran's death claim as it does a claim with a private insurance company."

He pledged that if elected he would support Truman's bipartisan foreign policy and would do all he could to stop the spread of Communism, both within and outside the United States.

He accused Stalin of using the same principle of "divide and rule" that Hitler used.

He said America not only must be strong itself but it must help all other "freedom loving nations" to become strong in order to stop the growth of Communism.

Award to Newcomer
The Courtesy Award for the men was given to a newcomer to Sedalia. He is Tom Freedle, assistant manager of the Gold Lumber company.

Freedle came to Sedalia 15 months ago from Greenfield, Mo., and with his wife, Jean, resides at 106 West Second street.

Yanks "Digging In" After Fierce Fight Of Yielding Taejon

Next Move is Now Direct To Russians

Decision Awaits For War or an Uneasy Peace

By John M. Hightower

WASHINGTON, July 20—(AP)—President Truman's decision to ally American power against expanding Communist strength puts squarely up to Russia the decision on whether the world is to move toward all-out war or a new, uneasy peace.

Diplomatic authorities said the next move in the global crisis is clearly up to Moscow—now that the president has backed up his stop-aggression policy with initial preparation to fight where necessary.

Administration leaders remained hopeful that the men in the Kremlin would heed the president's warning and choose a peaceful course. They did not rule out, however, the possibility that the Communist chiefs have decided on war and may now unfold a policy to that end.

In any case, Russia has the initiative and the United States and Allied nations are confronted with the need to marshal maximum forces as rapidly as possible.

In terms of conventional weapons—ammies, tanks, airplanes and the like—Russia is considered to have a wide margin of strength over the western powers. This might be one reason why the Red leaders would prefer a military showdown fairly soon.

On the other hand, official Washington is confident that the United States has an edge in atomic weapons and probably also in some other new devices, such as anti-tank weapons, which still have to be put into mass production. The atomic bomb may be a powerful influence against the Kremlin forcing the issue any-time soon.

Hennings Spoke Up for Veterans
SPRINGFIELD, Mo., July 20—(AP)—Former Congressman Thomas C. Hennings, Jr., came out tonight for a broad reorganization of government, to free America of "the present bewildering maze of overlapping boards, bureaus and commissions."

The St. Louisan, seeking the Democratic nomination for U. S. Senator, spoke over radio station KICK here. His chief opponent is State Senator Emory W. Allison of Rolla, President Truman's idea of the man to beat incumbent Senator Forrest C. Donnell, a Republican.

"It is the function of our government to serve the people and not to rule them," Hennings said. "Public officials must be our servants, not our masters."

He said the veterans should get all that is due them and quickly "without unnecessary hardships and delays."

"There is no reason why, for instance, it should take more than five times as long to process a veteran's death claim as it does a claim with a private insurance company."

He pledged that if elected he would support Truman's bipartisan foreign policy and would do all he could to stop the spread of Communism, both within and outside the United States.

Kiwanis Talk on Underprivileged
The importance of helping underprivileged children was the theme of a talk by Major John M. Dronen, retired army infantry officer, before the Sedalia Kiwanis club meeting in Botwell hotel Thursday noon. He told of boyhood personal experiences in and around Cross Timbers where he was born, of his joining the army in Sedalia in 1911 and of later experiences assisting underprivileged boys who had joined the army, one of whom became a lieutenant colonel in the regular army stationed in Japan.

The speaker was introduced by William Ward, program chairman.

War News In A Nutshell

TOKYO, Friday, July 21—(AP)—An American and a British cruiser have destroyed the Korean east coast town of Yongdok by gunfire Vice Adm. Charles T. Joy announced today.

Yongdok is the city seized by the Korean Communists in an apparent drive on the supply port of Pusan approximately 95 miles to the south.

Joy, commander of naval forces of the Far East, said in a communique the two cruisers bombarded the town during the evening and night of Wednesday.

AN AMERICAN COMMAND POST IN KOREA, July 20—(AP)—Anxiety was felt tonight for Maj. Gen. William F. Dean, 24th division commander, under fire in the fighting withdrawal from the Taejon area.

The tall, ruddy-cheeked general's whereabouts was unknown at divisional headquarters, but one of his staff officers said:

"He will get out. The general can take care of himself. He may have to walk out but he'll get out."

The soft-spoken commander had ranged under fire along the front lines and seemed to have personally attended to molding each of his thin-spined soldiers into defense positions.

There was confused house-to-house fighting in Taejon itself at the time headquarters acknowledged the general's whereabouts was a mystery.

About half the American units in the Taejon area had pulled out, a headquarters spokesman said at 9:20 p. m. (5:20 a. m., CST).

WASHINGTON, July 20—(AP)—Two Korean war casualty lists made public by the defense department today reported three killed in action, one dead of wounds, 49 wounded, 17 injured and 79 missing in action.

The injured included Sgt. 1C Bert C. Findley, husband of Mrs. Annie Lou Findley, route 1, box 28, Macon, Mo.

Listed as missing in action were: Pfc. Benjamin F. Jordan, son of Mrs. Mary V. Masonbrink, Kansas City, Mo.

Pfc. William M. Quint, son of Henry A. Quint, Armstrong, Mo.

SAN FRANCISCO, July 20—(AP)—The conflict in Korea is "a test of the ability of the free world to act," General Dwight D. Eisenhower said today.

"Because it has been made a testing ground, we must be certain we do not fail," the general told interviewers. "To fail, in my opinion, would be the occasion for an outbreak of similar or worse incidents elsewhere."

Eisenhower, now President of Columbia university, New York, came here on a vacation trip.

WASHINGTON, July 20—(AP)—American officials said today plans are being considered to put more western European factories to work producing weapons and military supplies.

Proposals being discussed would make use of scores of idle ammunition and other war factories and also divert to military production some plants now turning out civilian goods.

These proposals are expected to be taken up with European government representatives in London next week.

BERLIN, July 20—(AP)—With the big bosses of the Cominform standing by, East German Communists today denounced United States intervention in Korea and pledged to fight alongside Russia in any new world war.

Overhead, there was an unexplained display of Soviet fighters. A flight of about 60 Russian fighters roared over the American sector at 3,000 feet. The incident may have been only a training maneuver, but formation flying over Berlin is contrary to four-power agreements.

TOKYO, Friday, July 21—(AP)—General MacArthur issued a special communique today in praise of 18 Eighth Army liaison pilots who act as "eyes" for their own artillery and the Air Force.

They have rolled up the "impressive overall average" of about 5,000 miles daily, MacArthur said. They and 45 ground crew men are on duty about 18 hours a day.

The Weather
Partly cloudy Friday and Saturday with scattered thundershowers west and south portions Friday night and Saturday; little change in temperature, high Friday near 80.

U. S. Troops Take Up Stout Defense Four Miles To Southeast In Hills

TOKYO, Friday, July 21—(AP)—U. S. troops yielded flaming Taejon early today and took up stout defense positions four miles to the southeast in hills blocking the communist advance.

The loss of this good communications hub of 150,000 population was offset on the east coast by the destruction of the communications center of Yongdok by devastating U. S. and British naval gunfire.

General MacArthur in a special communique announced U. S. troops quit Taejon at midnight after fierce fighting. A second communique said the city had lost all its strategic significance.

There was concern that Maj. Gen. William F. Dean, commander of the 24th Division, which fought the battle of Taejon, might have been seized in the communists' tank-led capture of the city.

Dean had been missing since yesterday, when he was seen passing ammunition to a barooka team which was firing at Red tanks which had knifed into the city.

General's Communique
MacArthur's latest communique said the retreat was to terrain where the outnumbered U. S. infantrymen would have a better chance against the tank-led columns of the enemy.

He referred to the hills which rise from the plains and rice paddies over which the Americans have been forced to fight in the long, 90-mile withdrawal from the Seoul area.

The new positions, the communique predicted, can be used by the "temporarily outnumbered" U. S. and South Korean forces as a springboard "for General MacArthur's offensives."

Missouri State Semi-Pro Baseball Tournament To Open In Sedalia On Friday

18 Top Teams Over State Will Compete For Big Prize Money In The 10-Day Meet

Baseball fans of Central Missouri will be in for thrills aplenty, starting Friday night, July 21, when the Missouri State Semi-Pro Tournament opens for a 10-day grind of 18 leading semi-pro teams in the state, at Liberty park in Sedalia.

The Holcomb Cardinals, defending state champions, defend their title against the fast Ace of Clubs team from Independence, Mo., in the opening game, Friday night at 8:00 o'clock in the fifteenth annual classic.

Good List of Teams

This year's entry list includes what tournament officials believe to be the best list of teams of any tournaments held in the state up to the present time, such as the defending champions, the Holcomb Cardinals, the Barford Chevroletlets of St. Louis, the Cape Girardeau Capahs, the Belton Braves, the Patton Creamers of Springfield, and others.

Boast A Good Record

The Barford Chevrolet team of St. Louis, is the first St. Louis team in a number of years, boasts a record of 15 victories and one defeat. The pitching staff of this team is headed by Dave Siler, son of the famous George Siler, and brother of Dick Siler, now headlining the Philadelphia Phillies.

A Strong Contender

The Patton Creamers of Springfield, always a strong contender, will be back this year, with a season record of 21 wins against two losses. With that record, this is a team to watch in the tournament.

Another strong team that will be remembered by the tournament fans will be the Cape Girardeau Capahs, runner-up to the state champion in 1947, the Kirksville Red Roosters. The Capahs are managed by Lou Weiss, the pitcher, catcher-player of the team. Their ace right-hander, Roy Smith, who was the leading pitcher of the 1947 tournament, will be with the Capahs.

New Faces For Cubs

According to Jack Alpert, manager of the Sedalia Cubs, the team will be re-inforced with some players from the Holden Chiefs, and is hoping to obtain a player or two from the Knob Noster team. Alpert gave the following players who will be on the team when they meet the Richmond district tournament runner-up Saturday afternoon: Bob Newbill, catcher; Bob Rapp, pitcher; Jim Rude, pitcher of Holden team; Charlie Thompson, outfielder; George Thompson, first baseman; Joe Waters, outfielder; "Gus" Roberts, manager of Holden Chiefs, who will play centerfield; Jack Bodenhamer, Holden player; Jimmy Taylor, third baseman; For Holden, and Jim Weaver, second baseman for Holden. Alpert said he was hoping to get Cassing, shortstop, and Elwood McMackin, catcher, both players for Knob Noster.

Trophies To Be Awarded

Gene Kurash, state commissioner, said the fans will be assured of top baseball playing in the tournament. He related that eight trophies will be awarded following the tournament. Among them will be the Coca Cola Trophy, presented by the local Coca Cola Bottling company to the 1950 championship team; the most valuable player trophy; runner-up trophy and sportsmanship award.

Playing Schedule

Through week-nights, two games will be played, the first starting at 8:00 o'clock, and the second commencing at 10 o'clock. On Saturdays and Sundays, seven games will be played each day. They will be considered as two different sessions, the day and night sessions. The day sessions will open at 10 a. m. with the last day session game to start at 4:00 p. m. The night session will start at 8:00 p. m., with the last night game to start at 10 p. m. The final two games will be played off on Sunday, July 30. The

tournament is a double elimination affair.

Merchants Night July 24

Monday night, July 24 has been set as Merchants night at the tournament. Through the co-operation of the Chamber of Commerce and the Missouri Pacific Booster club, the leading merchants of Sedalia will pass out tickets to the game, enabling fans to be admitted that night free.

There will be at least five umpires on hand to officiate the tournament games. John Thomas, Sedalia; Charlie Walker, Marshall; and John Ford of Sedalia, have already been named to officiate. Kurash said he would obtain two umpires from Kansas City.

Advances Tickets Will Be On Sale

Advances tickets will be on sale at the Sports Center, 115 South Ohio avenue, starting this Wednesday.

Cooney-Hurley Nuptials at Sacred Heart

Miss Irene Anne Hurley, daughter of Mr. and Mrs. Thomas A. Hurley, 210 West Broadway, became the bride of Mr. James Owen Cooney, son of Mr. and Mrs. James F. Cooney, 543 Oakwood avenue, Webster Groves, at a nuptial mass at Sacred Heart church at 10:30 o'clock Saturday morning. The pastor, the Rev. Father Andrew J. Brunswick officiated.

Vases of white gladioli and lighted candles were on the altar as well as in the sanctuary, while in addition throughout the church were green palms and huckleberry, candles attached by ribbons to the pews down the center aisle. The bride, given in marriage by her father, wore a full-length dress with train of ice blue chantilly lace, over satin, a bertha collar with satin applique forming the short sleeve, the neck line filled in with illusion. Her mitts were lace and her fingertip veil attached to her head by a lace cap. She carried her mother's wedding prayer book, with an orchid, ivy and stephanotis forming a bouquet.

Miss Hurley's maid of honor, Miss Anne Hartman, of East St. Louis, Ill., wore a pale lavender marquisette dress with full skirt, bertha neckline similar to that of the bride's dress, but having a small collar. A foil on the front of the skirt was brought around to the back and finished with bows.

Miss Louise Van Dyne and Miss Mary Jane Scotten, maids of honor, wore dresses similar to that of the maid of honor. All wore matching horsehair braid cloches and carried purple asters mixed with lavender gladioli blossoms. Green ivy tied with deep purple satin ribbons, with long streamers.

The bride's mother wore a light aqua chiffon dress with a lace top, her accessories beige and brown. Her flowers were talisman roses. Mrs. Cooney, the bridegroom's mother, wore a navy blue print with white accessories and white gardenias.

Mr. Cooney was attended by Mr. Jack Allgier, as best man, and ushers were Thomas Hurley and Edward Hurley, of Springfield, brothers of the bride, John Hurley, a cousin, and Frank Armstrong.

During the ceremony Al Dominque, accompanied on the organ by Mrs. Earl Paxton, sang, "Mother Beloved," Gounod's "Ave Marie," and "Panis Angelicus."

After the ceremony a breakfast was served at the Country club for the wedding party and relatives of the couple, numbering about 100. Assisting in serving were cousins of the bride, Miss Mary Ann Menettec, Miss Jane Gallagher, Miss Jane Hurley, Miss Carolyn Riley, and Miss Madeleine Cooney and Miss Martha Cooney, sisters of the bridegroom.

The couple left after the breakfast for a wedding trip to Colorado Springs, the bride wearing a burnt orange cotton dress with short tight fitting jacket, white pique hat, white bag and gloves, brown and white shoes.

They will be at home after July 25 at 301 South Forest, Webster Groves.

Out of town guests attending were: Mr. and Mrs. Harry F. Cooney and daughters, Betty Ann, Martha, Madeleine, Teresa, and son, Michael, Webster Groves, another daughter, Mrs. Henry Miller, of Chicago; Mr. and Mrs. Gene Grady, Springfield; Mrs. Arthur Burrows and daughters, Mary Helen, Teresa, Madeleine, Betty Rose and Janet, St. Joseph; Mr. and Mrs. D. L. Barrett and daughter, Anne, Marshall; Mr. and Mrs. John Knies, Jefferson City; Edward Hurley, Springfield; Mrs. Joseph Hartman, Mrs. Eleanor Hartman and Mrs. Ruth Ladrick, East St. Louis, Ill.; Mrs. John H. Simmons and son, John, Tulsa, Okla.; Mr. and Mrs. Tom Gallagher and daughter, Jane, Junction City, Kas.; Mrs. Donald Teply, Colby, Kas.; Mr. and Mrs. T. P. Gallagher, Jr., Tulsa, Okla.; Mrs. James Gallagher, Junction City, Kas.; Mr. and Mrs. Kenneth Keefe, Warsaw; Mr. Leary, Jefferson City; E. G. McGrath, Mr. and Mrs. Willard Stewart, Mr. and Mrs. Sol Gross, all of St. Louis.

Miss Hurley, now Mrs. Cooney, was born and reared in Sedalia, attended Sacred Heart grade school and was graduated from Sacred Heart high school and Maryville, College of the Sacred Heart, St. Louis, in 1948, and last year taught the second grade at Horace Mann grade school in Sedalia.

Mr. Cooney came to Sedalia with his parents when a small child, attended Sacred Heart grade school and was also graduated from Sacred Heart high school. The family moved to St. Louis and he is now employed with the advertising and publicity department of the Missouri Pacific lines.
